This town is now bong infested with a class of tourists we could well afford to tive on eternally without coming in contact with. They are beggas, large, able bodied, many of them, but are either too lazy to work or, are loafing around the country under the impression the world owes them a living. We have no sympathy for either of these classes and think the officers should nake their visits uncomfortable enough for them to form a dislike for the town.

First; Because the proprietors have always been most careful in selecting the various ingredients used in its composition, namely; the finest Cod Liver | Oil, and the purest Hypophosphites.

Second:-Because they have so skillfully combined the various ingredients that the best possible results are obtained by its use,

Third:-Because it has made so many sickly, delicate children strong and healthy given health and rosy cheeks to so many pale, anaemic girls, and healed the lungs and restored to full health, so many thousands in the first stages of Consumption.

Already Pensacola, Apaiachicola and Carrabelle, Tampa, Key West and Miami have a rapidly increasing commerce with Cuba and Central America, while Fernandina, Jacksonville, and again Miami, are de-

veloping theirs with the Bermudas. I have heard it said, Mr. Chairman, that the long railroad haul on freight would act as a deterrent to commerce through Florida ports, and especially those located in the far south; but this is not true for many reasons, prominent among which is the fact that the tendency is everywhere toward the cheapening of railroad freight rates, brought
